Report of Finance
Committee 1907
For Season Balance
Sheets of Clubs.

Presented 25-3-1908x

your Committee desire to report having held an exhaustive enquiry into the annual statements & vouchers of clubs & desire to report as follows:-

East Perthx

Every thing in splendid order & accounts presented clear & conciselyx

The committee desires to specially compliment the sec, Mr. F. V. Bray & upon the excellent manner in which the accounts were submitted the whole reflects painstaking effort & orderly arrangementx

West Perth.

Statement & vouchers produced very satisfactory & in that

case the committee desires to also express appreciation of the clear & excellent manner in which the accounts have been kept by the sec. Mr. A. A. Strickland.

Perth

All accounts in order & working of club clearly shown in this case also your committee have occasion to congratulate the secretary Mr. Kennedy for the attention given to the work.

Midland Junction

All accounts in order. Your committee thought it necessary to draw attention to what appears to be the payment of an inordinate sum to trainers by this club.

Subiaco

The committee found it somewhat difficult to arrive at the exact position of this club & the matter was your treasurer Mr. J. Webb was deputed to confer with the secretary & co-officials & reported that all items had been explained to his satisfaction.

South Fremantle

All items named as satisfactory. The accounts of this club for the last season show out in pleasing contrast with the confused nature of the 1906 statement.

North Fremantle

Vouchers for expenditure were submitted with the exception for some minor items. Your secretary was deputed to interview the club secretary re the latter & the expenditure was satisfactorily explained. The chief items in question were accommodation during a visit of the team to Northam which amounted to \$9-4-6. The secretary has explained that he has written for vouchers four times but has failed to receive a reply. The remaining accounts for which vouchers were not presented total \$6-8-6 receipts for \$3-16-6 of this sum have since been supplied leaving minor items totalling \$2-12-0 for which however cover several small items of legitimate expenditure.

East Fremantle

Accounts of this club were shown in very exhaustive detail & ~~as~~ it was only found necessary to report refer on item of 16/ balance from previous year for further explanation & the matter was subsequently enquired into by Messrs Mr. Mahon & Gray who have since reported that the whole have been passed as satisfactory &

Your committee desires to express satisfaction with the manner in which the club accounts have been kept with the exception of the Subaco club & in connection with the latter we found it most difficult to arrive at the exact position of the accounts though evidence was shown that ~~the~~ a painstaking effort had been made by the secretary & your committee suggests that in future this club will arrange to keep their accounts in a more orderly manner in order to avoid a repetition ~~in~~ at end of the forthcoming season.

Report of Juniors & Schools Committee

Week ending April 1st 1908

Your committee met since the last meeting & unanimously decided to recommend that the same system of supporting the schools & various ^(junior) grades as prevailed in previous seasons be continued during 1908, subject to such minor alterations as may be found necessary as the season advances.

While your committee recognize that the support given last year was perhaps not so extensive as desired the members feel that the expenditure should not be further increased in this department of your administration.

It is the intention of the Committee to select 18 Perth & 18 Fremantle players prior to June 6th & to make the selection of the final twelve prior to July 11th x
